CONTENTS

Preface ........................................ iii

Part I. SHIP KNOWLEDGE AND SAFETY

CHAPTER

1. Elementary Ship Stability
   Conditions for equilibrium—effects of loading, list, ballast and top-weight—effects of flooding and free-surface liquid, and methods of countering—loll—effect of heel and trim on fighting efficiency ............................................ 3

2. Firefighting Methods
   Organisation—direction of operations—additional firefighting hazards in ships—potential causes or sources of fire—firefighting installations—mobile equipment—portable emergency pumps—auxiliary firefighting equipment—methods of extinguishing fires—first aid for burns ......................................................... 16

3. Abandoning Ship, Survival and Rescue
   ABANDONING SHIP: lifesaving equipment ........................................ 41
   SURVIVAL: survival at sea—provisions—first aid for the apparently drowned—survival on land ......................................................... 55
   RESCUE: treatment of survivors—lifebuoys ........................................ 68

Part II. SEAMANSHIP

4. Advanced Rope Work
   ADVANCED SPICING OF CORDAGE ........................................ 81
   KNOTS, AND GENERAL ADVANCED WORK IN CORDAGE ................. 91
   ADVANCED WORK IN WIRE ROPE: splicing wire rope—end terminals on wire rope—special types of wire rope ........................................ 109
   GENERAL REMARKS ON WIRE ROPE: inspection and testing ............ 128

5. Deck Gear
   Rigging warrant—guardrails and lines—fendering—booms—ladders—davits ........................................ 135
CONTENTS

6. Advanced Rigging

STRENGTHS OF RIGGING FITTINGS AND GEAR ........................................... 154
BLOCKS: general information—purchases and tackles—geared blocks ........ 158
SLINGING: safe working loads of slings ................................................. 160
ESTIMATION OF STRESSES .............................................................. 175
DERRICKS, WINCHES AND CRANES .................................................. 184
EXTEMPORE RIGS OF DERRICKS, SHEERS, GYNS AND ROPEWAYS: uses and limitations—principles of using the gear when rigging—rigging—raising derricks and sheers—provision of power—spars. 194
RAFTS .................................................................................................. 220

7. Sailmaking and Awnings

Fabrics—sailmaker's tools—how a sail or awning is made—sewing canvas—repairing canvas—rope-splicing—rat's tail—grommets and cringles ...................... 221
SAILS .................................................................................................... 239
AWNINGS: Types of awning—handling and care of awnings .................. 243

8. Advanced Boatwork

HANDLING BOATS IN FOUL WEATHER ............................................. 271
SPECIAL BOAT OPERATIONS: handling boats in surf—landing on a rocky shore—boarding—sweeping for lost objects .......................... 274
SUPPLY, EQUIPMENT, MAINTENANCE, REPAIR AND BUOYANCY OF BOATS: supply, fitting-out and specifications—maintenance of hulls—care of sails—repair—buoyancy ................................. 290

9. Anchors and Cables, and Anchor Work

ANCHORS AND CABLES: types of anchor—chain cable—associated gear—associated fittings—capstans, cable holders and windlasses—maintenance, survey and testing of anchors and cables .................. 305
ANCHOR WORK: anchoring and weighing—mooring and unmooring ship ................................................................. 330
BUOY WORK: securing to a buoy—slipping from a buoy ......................... 346
MEASURES TO AVOID PARTING CABLE ........................................... 350
CONTENTS

CHAPTER

10. Laying Out Hawsers and Anchors, Towing, and Target Work

Laying out hawsers—laying out anchors ........................................... 352

TOWING AND TAKING IN TOW: towing gear and arrangements—
preparations for towing—taking in tow—slipping and recovering
the tow in men-of-war—precautions—preparations in ships for
planned tow by ocean tugs—securing harbour tugs ......................... 359

TARGET WORK ................................................................. 378

11. Replenishment at Sea

Methods—general requirements .................................................. 383

DETAILS OF RIGS FOR TRANSFERRING SOLIDS: light jackstay rig—heavy
jackstay rig ........................................................................... 388

DETAILS OF RIGS FOR TRANSFERRING LIQUIDS: fuelling abeam: man-
of-war to man-of-war, crane fuelling rig—fuelling abeam from a
tanker: large derrick fuelling rig; jackstay fuelling rig—fuelling
astern from a tanker: astern fuelling rig—fuelling astern from a
man-of-war ........................................................................... 392

TRANSFER BY INFLATABLE LIFERAFT: methods ......................... 405

Part III. SHIP ORGANISATION

12. Organisation

On commissioning a ship—departments and divisions—allocation of
hands for work—special duty men and special parties—special duty-
men and special parties for occasional duty—petty officers’ special
duties—petty officers’ permanent duties ......................................... 413

WATCH ORGANISATION: watch duties in harbour—watchkeepers—
watch duties at sea—evolutions—daily orders and offices ................. 421

MESSING, PROVISIONS AND STORES: messing—provisions—naval and
air stores—stowage of stores and provisions .................................. 428

13. Ship Husbandry

HULL MAINTENANCE: corrosion .................................................. 435

GENERAL MAINTENANCE AND CLEANING: care of watertight closures—
care of bathroom fittings—care of soil pipes, scuppers and drains
—ventilation systems—decks and deck coverings—woodwork—
furniture and fittings .............................................................. 437
# CONTENTS

## CHAPTER

**Paint and Painting:** cleaning and renovating paintwork—preparation of surfaces for painting—storage and preparation of paint—painting—defects in paintwork ........................................... 442

14. Ceremonial

Gun salutes and firing of guns—military honours—ceremonial reception—salutes between ships—ceremonial in boats—standards, flags and plates in cars .................................................. 451

### Part IV. SHIPHANDLING AND NAVIGATION

15. Measurement of Speed, Distance and Depth

Towed logs—bottom logs—ranging and station-keeping instruments—echo sounding ......................................................................................................................... 467

16. Latitude and Longitude, Charts and Hydrographic Publications

**Latitude and Longitude** .................................................................................................................. 481

**Mapping** ........................................................................................................................................... 484

**Admiralty Charts and Hydrographic Publications:** charts—*Notices to Mariners* and correction of charts—Hydrographic publications ..................................................................................................... 488

17. Tides and Tidal Streams .................................................................................................................. 497

18. Introduction to Pilotage

Chartwork—establishing the ship’s position—fixing by position lines—preparation for a passage—on passage—pilotage in narrow waters—the ship’s log .......................................................... 514

19. The Weather

The atmosphere—Beaufort wind scale—local forecasting—climate—oceanic winds—tropical storms—local winds—climatic zones—weather reports and weather forecasts ................................................................................ 536

**Meteorological Instruments** ........................................................................................................ 552

20. The Rule of the Road (1960) ........................................................................................................ 561

Appendix I. Formulae and Data ........................................................................................................ 587

Appendix II. Common Rigging Fittings .............................................................................................. 617

Index .................................................................................................................................................... 631
INDEX

Abandoning ship, 41-3
organisation, 41
remarks, 42
training, 41
Adaptor piece, 315
Admiral's coxswain, 420
Admiralty Tide Tables, 505
Aircraft—extinguishing fires on deck, 39
Aluminium alloy (guardrail wire), 127
Ammunition ship (evolution), 425
Anchor
Admiralty pattern, 305
Admiralty standard stockless, 307
Admiralty (Types 14, 16A, 17), 307
buoy, 318
cutting, 347
C. Q. R., 308
Danforth, 308
holding pull, 335
laying out—by boat, 353, 425
bower, 355
killick, 354
letting go, 333
preparations for, 332
markings, 320
securing for sea, 340
shackle, 314
strop, 316
supply to H.M. ships, 310
tests, 330
watch, 337, 422
weighing, 338
by boat, 358
by capstan, 339
by deck tackle, 339
Anchor work
cable required at single anchor, 334
clearing foul hawse, 345
pointing ship, 346
precautions in bad weather, 337
signals displayed, 343
terms used, 330
Anchorage barometer, 554
precision, 555
Apple ring fender, 137
Awnings—contd.
curtains, 247
double, 247
frapping, 249
furling, 249, 250
gable ends, 247
maintenance, 250
major, 245
minor, 246
side screens, 247
sloping, 249
spreading, 248
Terylene, 251
types, 245
Backweight or deadman, 187
Bale sling strop, wire, 116
Ballast—effect on ship stability, 10
Band
parading for 'Colours', 452
parading for military honours, 457
Barograph, 556
Barometer
aneroid, 554
mercurial, 552
precision aneroid, 555
Bathrooms
deck covering, 440
fittings, 438
Beaufort wind scale, 537
Becket—splicing at rope's end, 88
Bedding, airing, 425
Belly tackle, 201
Bitts, 327
Blake slip, 315
Blocks
relation to size of cordage, 600
sizes and strengths, 158-60
Boarding
vessel at sea, 285
wreck, 286
Boat-handling (see also Boats)
boarding vessel at sea, 285
boarding wreck, 286
engines
defects, 268
maintenance, 269
propellers and shafts, 268
running, 267
starting and stopping, 267
foul weather
hoisting when swamped, 271
riding to sea anchor, 271
landing on rocky shore, 284
INDEX

Boat-handling—contd.
power boats
  casting off, 255
engine order code, 257
  hard chine, 264
  Kitchen rudder, 262
  monohedral, 266
  round-bilge single-screw, 257
  round-bilge twin-screw, 262
  springs, use of, 255
pulling boats
  beaching, 275
  towing, 274
  sweeping for lost objects, 286
  surf, in, 275

Boats
  buoyancy testing, 304
  ceremonial, 460
  crews, 423
  ensigns—wearing, 460
  fitting out, 291
  hails, 462
  hoisting when swamped, 271
  hull maintenance, 296
  indicator plates—when displayed, 461
  marks of respect (table), 463
  particulars, 292-5
  port auxiliary service—capacities, 295
  repair
    emergency, 301
    semi-permanent, 303
    temporary, 302
  salutes in, 462
  saluting standards in, 461
  slings—fitting, 291
  supply of pulling, sailing and power, 290
  surf, 27-ft, 279
Bollard strop, 176
Bonnet, 319
Booms
  boat, 140
  sounding, 141
Bordeaux connection, 124
Bosun’s chair—rigging, 107
Bottom line, 136
Brambleleaf fender, 137
Breathing apparatus, 37
Bridles
  preparation, 347
  scope, 349
  taking off, 350
Brown, 145
Bulk rope, 317
Buoy(s)
  securing to, 346
    head and stern, 349
    slipping from, 349
    by the stern, 350

Buoyancy
  boats’—testing, 304
  drum and timber, 606

Buoyant volume, 4

Cable, chain
  amount at single anchor, 334
  breaking strength, 599
  heat treatment, 329
  holding effect, 334
  lockers, 312
  marking, 311
  markings on, 329
  parting, 330
  measures to avoid, 350
  securing
    at single anchor, 337
    for sea, 340
    shackle—components, 309
    shortening-in, 338
    supply to H.M. ships, 310
    survey, 328
    tests and maintenance, 327
    types, 308
  Cable holders, 322
  maintenance, 329
  Cable jack, 317
  Cable party, 418
  Caliper hooks, 617
  Capstan, 321
  and cable holder, 325
  maintenance, 329
  Captain
    of the side, 420
    of the top, 420
  Captain’s coxswain, 420
  Catting
    anchor, 347
    pendant, 318
  Centres of buoyancy and gravity, 4
  Ceremonial
    awnings, 247
    in boats, 460
    reception in ships, 458
  Chain cable, see Cable, chain
  Chain hook, 317
  Chain (rigging), 599
  Chain splice, 592
  Charts
    abbreviations on, 493-6
    correction, 491
    indexing, grouping, issue, 489
    publication, 488
    types, 488
  Chartwork
    finding compass errors, 518
    laying off bearings and courses, 517
    plotting
      a position, 515
Chartwork—contd.
plotting—contd.
  ship's track, 520
  preparing charts for passage, 514
  recording ship's position, 519
  shaping course, allowing for tidal stream, 522
  taking off bearings and courses, 517
  transferring a position, 516
Check line, ladder, 143
Chernikeeff log, 472
Chief boatswain's mate, 420
Clearing line and marks, 526
Clench—safe working load, 600
Climate, 544
  Climatic zones, 550
Clump cathead, 321
Coachwhipping, 100
Coke, action in fog, 533
  preparation for passage, 531
Cockscombing, 103
Colours—wearing, 451
Communal duties, 417
Compression catamaran, 139
Compressor, 319
Constrictor knot, 99
Continuous crowning, 102
  walling, 102
Cordage—advanced work, 99-109
  bosun's chair—rigging, 107
  coachwhipping, 100
  cockscombing, 103
  continuous crowning, 102
  walling, 102
  fox, 99
  grafting, 100
  half-hitching, 101
  manila—thimbles and links, 619
  man-made fibre
    breaking strength, 591
    tables of size, etc., 592-3
  natural fibre
    breaking strength, 588
    tables of size, etc., 589-99
  nettle, 90
  plank stage—rigging, 106
  pointing, 99
  provision (or cargo) net—making, 104
  safe working load, 600
  ringbolt hitching, 102
  slings—safe working load, 169
Cotton fabric, 223
Court martial gun, 456
C.Q.R. anchor, 308
Crane fuelling rig, 392
Crane—factor of safety, 587
Crane fuelling rig, 392
Crane—general-purpose, fixed, 192
  maintenance, 193
  ponder ball, 192
  purchase and topping lift, 193
  hand signals for control, 169
  precautions when using, 194
  tests, 194
Cringles, 237
Cross bearings, 527
C.T.C. pressurised tank equipment, 33
Cut splice, 81
Daily orders, 427
Damage control party, 421
Danforth anchor, 308
Darken ship, 426
Davits—general-purpose, 147
  overhead gravity boat, 148
  screw slips for destroyers', 629
  single-pivot torque boat, 151
  special-purpose, 147
Deadman or backweight, 187
Decks and deck coverings—general maintenance, 439
Departments and divisions, 414
Derrick fuelling rig, 396
Derricks (see also Derricks, extempore), 184-90
  hand signals for control of, 169
  rigs, 184
    runner or whip, 184
    snout, 184
  testing, 189
  working, 186
  deadman or backweight, 187
  heavy lift, 188
  precautions, 189
  union purchase, 186
Derricks, extempore—factors of safety, 587, 604
  standing derrick
    raising, 210
    rigging, 204
    uses and limitations, 195
      walking, 214
  swinging derrick
    raising, 210
    rigging, 204
    uses and limitations, 196
Destroyer fender, 137
Deviation of magnetic compass, 518
Devil's claw, 317
Diamond knot—double, 98
  multi-parted double, 98
  single, 96
Doldrums, 554
INDEX

Double
awnings, 247
wall knot, 95
Drains—general maintenance, 438
Dress ship, 425, 452
Dressing lines, 136
Drum—buoyancy, 606
Dry powder units, 32
Dutchman's log, 467
Duty
gunnery instructor, 419
junior's instructor, 419
messdeck P.O., 419
P.O., 419
regulating P.O., 419

Fascing-out rope (towing), 367
Echo sounding, see Sounding, echo
Electrical fires—extinguishing, 49
Electro-chemical action on boats, 296
Emergency party, 422
End links (in wire rope), 125
Engines, boats', see Boat-handling
Ensigns—wearing in boats, 460
Excused list, 415
Expired air respiration, 61
Explosives—fire risk, 25
Extempore rigs (see also Rigging)
power provision
hand winches, 215
manpower, 214
purchases and tackles, 215
principles of using gear when rigging
belly tackles, 201
guys, 199
heal tackles, 201
holdfasts, 201
shoes, 200
spay tackles, 201
raising and rigging, see under name of rig
spars
fishing, 216
precautions when using, 218
scarfing, 218
uses and limitations, 195
Eye (in bight of rope) splicing, 85
Eyebolts, 157, 599
driven, 620
screwed, 621
single-ended, 622
Eyeplates, 157, 587, 599, 623

Factor of safety, 587
wire rope, 128
False tabling, 231
Fearnought suits, 37
Fendering
advice, 140

Fendering—contd.
fixed, 140
port
catamaran, 139
compression, 139
spar, 139
portable
apple ring, 137
brambleleaf, 137
catamaran, 139
destroyer, 137
pneumatic, 137
rattan, 137
roller, 139
reasons for, 136
Fire (see also Firefighting)
methods of extinguishing, 38–40
parties, 16, 421
patrols, 16
potential causes and sources, 26
Firefighting
auxiliary equipment, 37–8
direction of operations, 18
equipment—maintenance and stowage, 17
hazards in ships, 23
inflammable materials—stowage and
treatment, 17
machinery spaces, 29–31
mobile equipment, 32–7
organisation, 16
stability problem, 20
training, 17
water—estimation of quantity used, 21
Fireworks—fire risk, 25
First aid
burns, 40
for the apparently drowned, 61
in rafts, 59
Fixed foam installations, 31
Fixing, 526
bearing and horizontal range of light, 530
bearing and sounding, 530
cross bearings, 527
running fix, 529
selecting objects for, 527
Flags, distinguishing
flying
in boats, 460
in cars, 464
in ships, 453
saluting (in boats), 461
Flemish eye, 85
Flooding
effect, 11
tfree-surface, 11
Floodlights
firefighting, 37
portable, battery-operated, 37
Flotation (of a ship), 3
Foam inlet tubes, 30
Foam units, 32
Foal hawse—clearing, 345
Foam units, 32
High-level sprinklers, 30
Frapping (awning), 249
Free-surface liquids—effect on stability, 11
Furling (awning), 249, 250
Furniture and fittings—general maintenance, 441
Gable ends, 247
Gangway boatrope, 143
Gas cylinders—fire risk, 25
Gas cylinders, 32
Gasoline-engined small craft firefighting in, 31, 40
Gauntlets, firefighting, 37
Geared blocks, 163-9
Gnomonic projection, 486
Grafting, 100
Great circle, 483
Grommet
rope, 86
sailmaking, 236
strop, 117
factor of safety, 594
Guard, 459
parading for 'Colours', 452
parading for military honours, 456, 458
Guardrails, 135
screw slips for, 627-8
Guillotine, 321
Gun, court-martial, 456
Gun salutes, 455, 458
Guys for extempore rigs, 199
factor of safety, 587
Guys
factor of safety, 587, 604
rigging, 207
uses and limitations, 198
Gyro-compass—finding error, 518
Half-hitching, 101
Hand torches, firefighting, 37
Hands—allocation for work, 415
Hangar spraying, 29
Hangars, extinguishing fires in, 39
Harbour, entering and leaving, 427
Hawsepipe, 319, 599
Hawser
laying out by boat, 352
towing, 359
Hawser eye, 112
Headlamps, firefighting, 37
Heavy lift derrick, 188
Heel (stability), 7
effect on fighting efficiency, 15
Heel tackles, 201
Helicopter rescue, 70-3
High-level sprinklers, 30
High-speed target (Mks. 9, 10 and 11), 381-3
High-test peroxide—fire risk, 25
Holdfasts, 201, 605
Holger Nielsen artificial respiration, 62
Hookrope, 317
Hooks, 156, 599
in boats’ slings—dimensions, 616
factor of safety, 587
tackle, 614
Hull maintenance
corrosion, 436
examination, 435
planning, 435
testing compartments, 436
Hydrographic publications, 491
Hygrometer, 558
Indicator plates—when displayed, 461
Inflammable liquids, 39
Inflammable stores, 29
Jackstay
extempore rig as ropeway
factor of safety, 587
tension, 598
fuelling rig, 396
transfer of personnel and solids, 388, 391
Jacob’s ladder, 145
Joggle shackle, 314, 613
Joining shackle, 312
Jumping ladder
lifesaving, 54
side or chain sea, 144-5
Jute fabrics, 224
Kitchen rudder, 262
Knots
constrictor, 99
diamond
single, 96
double, 98
multi-parted double, 98
double wall, 95
manrope, 91
Matthew Walker, single and double, 94-5
six-parted crown and wall, 95
stopper, 95
Turk’s head, 91
Ladders
accommodation, 141
check line, 143
INDEX
