Illustrations	x
Preface	xiii
<b>1 What is corporate level strategy?</b>	<b>1</b>
The definition of corporate level strategy	1
Operationalizing the definition of corporate level strategy	2
Corporate level strategy and diversification	4
Does corporate level strategy matter?	8
An historical perspective on corporate strategy	8
Concluding remarks	12
<b>2 Why do multibusiness firms exist?: theoretical approaches to corporate level strategy</b>	<b>14</b>
Industrial organization theory	15
Transaction cost theory	17
Agency theory	21
Dominant logic	24
The resource-based view	26
Strategic contingency and institutional theories	27
Real option theory	30
Concluding remarks	32
<b>3 Defining the business</b>	<b>33</b>
Why we need to define the business	33
Limitations of traditional business definitions	37
Abell's three-dimensional definition of business	39
Concluding remarks	44
<b>4 Diversification strategies: creating corporate value</b>	<b>48</b>
Operational economies of scope	50
Financial economies of scope	55
Anticompetitive economies of scope	60

	Concluding remarks: value creation and types of diversification strategies	63
<b>5</b>	<b>The issue of relatedness: creating synergies</b>	65
	Business attributes and relatedness	69
	Measuring relatedness	71
	Concluding remarks	80
<b>6</b>	<b>Diversification and performance: limits to the scope of the firm</b>	81
	The diversification–performance relationship	81
	Limits on the scope of the firm	85
	Concluding remarks	88
<b>7</b>	<b>The role of the parent: managing the multibusiness firm</b>	91
	The tasks and responsibilities of corporate management	94
	Managing the diversified firm	99
	Managing the related–diversified corporation	105
	Concluding remarks: developing and maintaining fit	106
<b>8</b>	<b>Organising and structuring the multibusiness firm</b>	108
	Organizational structure: an historical perspective	108
	The theory of the multidivisional structure	115
	Organizational structure and corporate level strategies	117
	Concluding remarks	121
<b>9</b>	<b>Vertical integration: coordinating the value chain</b>	123
	Creating corporate value through vertical integration	125
	Alternatives to vertical integration	129
	Concluding remarks	132
<b>10</b>	<b>The growth of the firm: internal development, mergers and acquisitions, and strategic alliances</b>	134
	Choosing an entry mode	134
	Three entry modes	142
	Concluding remarks	150
<b>11</b>	<b>Restructuring strategies: reducing the scope of the firm</b>	151
	Why do firms restructure?	152
	Restructuring strategies	158
	Concluding remarks	161
<b>12</b>	<b>Multipoint competition: managing market power</b>	163
	Multipoint competition and interfirm rivalry	164
	Multipoint contact and intensity of competition: a contingency model	166
	Multipoint competition: strategic options	171
	Concluding remarks	174

<b>13 International diversification: global integration and local responsiveness</b>	176
Motivations to internationalize	176
Choice between related and unrelated international diversification	180
Four worldwide corporate level strategies	183
Concluding remarks	188
<b>14 Corporate governance: controlling top managers and meeting corporate social responsibilities</b>	189
Corporate governance: controlling managerial opportunism	191
Stewardship theory: relaxing the opportunism assumption	194
Stakeholder theory: relaxing the shareholder value maximization assumption	196
Corporate responsibilities: economic, social, ethical, and philanthropic	197
Concluding remarks	199
