Construction Specifications Writing
Principles and Procedures
Fifth Edition

Harold J. Rosen
PE, Hon. CSI

John R. Regener, Jr.
AIA, CCS, CCCA, CSI SCIP

M. D. Morris
PE, Advisory Editor
CONTENTS

Preface vii
Authors' Overview and Preview vii
Specifiers' Comments xii
Introduction xvii

1. The Role of Specifications 1
   Documents for Construction / 1
   Bidding Documents / 1
   Contract Documents / 2
   Specifications / 3

2. Relationship Between Drawings and Specifications 5
   What Goes Where / 5
   The Drawings / 6
   The Specifications / 7
   Coordinating the Design Process / 8
   Terminology / 10
   Considerations for Users of Drawings and Specifications / 10

3. Organization of Specifications 13
   History of Specification Organization / 13
   Organizing Specifications Divisions and Sections / 15
   CSI/CSC MasterFormat / 16
   Using MasterFormat / 20

4. The Project Manual and Specifications Sections 23
   The Project Manual Concept / 23

5. Formats for Specifications Sections 27
   Need for Formats for Specifications Sections / 27

6. Types of Specifications 41
   Methods for Writing Specifications / 41

7. Specifications Writing Principles 53
   Determining Content for the Specifications / 53
   Specifying / 55

8. Bidding Requirements 59
   Three Basic Bidding Documents / 59

9. General Conditions of the Contract 71
   Contractual Relationships / 71

10. Supplementary Conditions of the Contract 77
    Supplementary Conditions / 77
    Guide for Supplementary Conditions / 86

11. Bonds, Guaranties, and Warranties 87
    Bonds / 87
    Warranties and Guaranties / 88

12. Division 1 - General Requirements 93
    Scope of Division 1 / 93
    Relationship of Division 1 Sections to Other Documents / 94
    Writing Division 1 Sections / 102

13. Modifications 105
    Modifications to Bidding and Contract Documents / 105
    Addenda / 105
14. Specifications Language 113
   General Precepts / 113
   Applications / 114

15. Specifications Resources 125
   Overview / 125
   Construction Specifications Resources / 125

16. Products Selection 139
   Product Selection Factors / 139
   Mandated Requirements / 139
   Design Criteria / 141
   Substitutions and Product Options / 144
   Communicating and Recording Product Selections / 150

17. Specifications Writing Procedures 153
   Getting Started / 153
   Product Selections / 153
   Project Information / 154
   Specifications Format / 155
   Specifying Method / 155
   Specifications Detail / 157
   Order of Sections to Be Produced / 157
   Editing and Writing Specification Text / 158
   Specifications Checklists / 160

18. Master Guide Specifications 161
   Specification Guides and Intact Masters / 161
   Public Agency Master Guide Specifications / 161
   Commercial Master Guide Specifications / 162
   Office Master Guide Specifications / 165

   Introduction / 167
   The First Four Decades of Automation / 167
   Transforming the Specification Process / 168

20. Preliminary Project Description 175
    Uniformat / 175
    Preliminary Project Description / 177
    Computer-Assisted PPDs / 178

21. Outline and Shortform Specifications 179
    Outline versus Shortform
    Specifications / 179
    Outline Specifications / 179
    Shortform Specifications / 181

Appendix A
   Project Manual Checklist 189

Appendix B
   Sample Division 1 - General Requirements 195

Appendix C
   Sample Preliminary Project Description 233

Appendix D
   Sample Outline Specifications 249

Appendix E
   Sample AIA Documents 283

Appendix F
   Sample EJCDC Documents 377

Index 419
INDEX

AAA (American Arbitration Association), 86
AASHTO standards, see American Association of State Highway and Transportation Officials standards
Abbreviated specifications, 165
Abbreviated Standard Form of Agreement Between Owner and Contractor for Construction Project of Limited Scope (AIA A107), 73
Abbreviations, 120–121
Access compliance, 140
ACEC (American Consulting Engineers Council), 2
ACEC (American Council of Engineering Companies), 72
ACI standards, 52
Acronyms, 121
Addenda, 2, 105–110
for changes in bidding documents, 106–107
procedures for, 107
purposes of, 105–106
Adverbs, legal-sounding, 115
Advertisement to Bid, 59. See also Invitation to Bid
AGC, see Associated General Contractors of America
Agreement, 2
parties to, 10
signing of, 1
AIA, see American Institute of Architects
AIA documents, see American Institute of Architects documents
All-inclusive language, 56
Allowance Procedures (Division 1 section), 197–198
Alternate Bid Procedures (Division 1 section), 198
Alternative dispute resolution, 86
Amazon.com, 126
American Arbitration Association (AAA), 86
American Association of Cost Engineers, 175
American Association of State Highway and Transportation Officials (AASHTO) standards, 51, 74
American Concrete Institute (ACI) standards, 52
American Consulting Engineers Council (ACEC), 2
American Council of Engineering Companies (ACEC), 72
American Institute of Architects (AIA):
and bond forms, 88
definitions of Specifications/Drawings by, 7
documents prepared by, 72
and NCS Project Committee, 7
ordering from, 136
preprinted General Conditions from, 2
Project Manual concept development by, 23
website of, 83
American Institute of Architects (AIA) documents, 136–137, 283
Abbreviated Standard Form of Agreement Between Owner and Contractor for Construction Project of Limited Scope (AIA A107), 73
Bid Bond (AIA A310), 87
for correction of work, 90
electronic format for, 75, 77, 83
General Conditions of EJCDC vs., 72–73
General Conditions of the Contract for Construction (AIA A201), 72–73, 308–351
Guide for Supplementary Conditions (AIA A511), 73, 83, 86, 352–375
Instructions to Bidders (AIA A701), 284–291
Owner’s Instructions Regarding the Construction Contract, Insurance and Bonds, and Insurance Requirements (AIA G612), 83
Owner’s Instructions to the Architect—Part A (AIA G612), 295–299
Owner’s Instructions to the Architect—Part B (AIA G612), 300–304
Owner’s Instructions to the Architect—Part C (AIA G612), 305–307
Owner’s Instructions to the Architect Regarding the Construction Contract (AIA G612), 292–294
Performance Bond and Payment Bond (AIA A312), 88
reproduction of, 83
Standard Form of Agreement Between Owner and Architect (AIA B141), 177
Standard Form of Agreement Between Owner and Contractor (AIA A101), 72
American National Standards Institute (ANSI), 130
American National Standards Institute (ANSI) standards, 43, 50, 129, 130
American Society of Civil Engineers (ASCE), 72
American Society of Professional Estimators, 175
ANSI (American National Standards Institute), 130
ANSI standards, see American National Standards Institute standards.
Appeals (federal government projects), 74
Appendices (Project Manual), 23–24
Arbitration, 86
ARCAT, Inc.: ARCAT®—The Product Directory for Architects, 54 proprietary specifications, 164
Architects: and AIA vs. EJCDC document requirements, 73
duties and responsibilities of, 71
General Conditions, 72
Architect/Engineer. 1
Architect's Supplemental Instructions, 2, 112
Architectural Computer Services, Inc. (ARCOM), 161
